Strongest Evidence and Source References

The repaint is documented in A003. The period image and the specialist's inspection indicate a darker finish at some point in the car's life.

Unresolved Questions and Offer Conditions

Factory color remains unverified. Ask for a factory record or a dated photograph with reliable attribution.

Decision and Next Action

Hold the offer while the seller checks the file. If no further evidence surfaces, assess it as a documented repaint.

WORKED CASE / 2 OF 2

Before the Offer

The buyer’s completed decision brief.

Established

The current color is documented by A003. A004 and A005 support the presence of a darker color at some point in the car’s life.

Unresolved

Factory color remains unverified. A factory build record or a better-documented, dated photograph could change that assessment.

Decision

Hold the offer until the seller can provide further evidence. If none emerges, consider the car on the basis of a documented repaint and assess it without an originality premium.

File After the Decision

Save the dated decision beside the listing, correspondence, invoice, photograph, and specialist’s report. If the car is acquired, carry forward the uncertainty in the ownership file.
